CAMPBELL, THE ORCHARD CITY OF THE FAMOUS SANTA CLARA VALLEY

Campbell INTER-URBAN Press

FOR THE BEST INTERESTS OF CAMPBELL AND COMMUNITY

VOL. 31. NO. 37 CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA. FRIDAY, MARCH 12, 1926

RECEIVER NAMED CAL. FRUIT FIRM

T. M. PATTERSON, BANKER, TO TAKE CHARGE OF AFFAIRS

RECENT GRAPE MARKET IS HELD RESPONSIBLE

Total Assets Listed at $1,350,000, Consisting of Realty.. Worth $650,000 and Between 65 and 70 Packing Houses in California.

San Francisco.—A receiver has been appointed to take charge of the affairs of the Stewart Fruit Company of San Francisco and Los Angeles. one of the oldest and largest of the firms that handle California fruits and ship to the Eastern markets. Thomas M. Patterson, banker of San Francisco and local representative of the Equitable Trust Company of Los Angeles, who was named to protect the interests of the company, will take over active direction of the affairs of the company.

Following appointment of the receiver by the United States District Court here, Charles A. Christin, attorney for the company, announced that the move was made to protect the assets of the company. He said that the assets are more than sufficient to meet the obligations, which consist chiefly of money borrowed from San Francisco and Los Angeles banks, and in turn advanced to the fruit growers of the state. Explaining the situation, Christin said:

"The disastrous ending of the grape market last year was largely responsible for the present situation. The company advanced money to the table grape growers, but when that product was shipped East it was found that the market had been glutted with other varieties, chiefly raisin grapes, that had been rushed into the market to supply a demand for juice stock.

"On the other hand the supply of pears was short, as the growers sent their products to the canneries, leaving the company 600 cars short of their expected supply.

"The assets are at present 'frozen' and will remain in that state until the next year crop comes in. To protect the assets and our customers as well as the banks who loaned us the money, we asked for the receiver."

Christin stated that the total assets, listed at $1,350,000, consisted of realty worth $625,000, and between sixty-five and seventy packing houses located in California and Oregon fruit districts, in addition to the loans to the growers. The liabilities were placed at $400,000.

The decision to apply for a receiver came after a conference at which the growers, bankers and officials of the company were represented.

William Stewart, president of the Stewart Fruit company, in confirming the receivership plans, said:

"We went into the receivership as the only possible way in which we could protect the growers."

KEYES TO QUIZ STARS IN NEW TAYLOR CLUE

New York. — District Attorney Asa Keys of Los Angeles, who is here investigating the long unsolved murder of William Desmond Taylor, found dead in his home in 1921, has had a long distance telephone conversation with Mary Miles Minter about it.

Miss Minter and Mabel Normand, motion picture actresses, friends of the late film director, who were questioned at the time of his murder, are in New York and will be questioned again.

Miss Minter called Keyes voluntarily. She wanted to know what phases of the case we were investigating and asked if she could be of any help, said Deputy District Attorney Davis.

Keyes also would be glad to talk with Miss Normand if she cares to get in touch with him, Davis said.

Both officials were reticent. It would be impossible to give out any information as to reports that they have a clue to the whereabouts of Edward Sands, Taylor's former valet, Davis said.

Asks Quiz On Officer's Death

Washington.—Secretary of the Navy Wilbur has asked the civil authorities in San Diego to conduct an investigation into the drowning of Lieutenant Nathan Green, Jr., whose body was found in the bay off San Diego on last November 16. A naval court of inquiry reported it was unable to determine how Green came to be drowned. Some of the naval authorities suspect foul play.

Debt Pact Adopted by Senat

Brussels, Belgium.—The Belgian Senate ratified the debt funding agreement with the United States, negotiated at Washington. The vote was 110 to 10, with one abstention.

FARM RELIEF BILL BEING FORMULATED

Bill Being Drawn Provides for a Farm Advisory Council of Five Representatives of Each of Twelve Land Bank Districts.

Washington. — The demands of organized agriculture for legislation that will operate to raise the price of farm products on the American domestic market were put in definite form at the hearing by the House Committee on Agriculture. The outstanding developments were:

1.—All the corn belt committees and leading farm organizations except the National Grange, agreed on the terms of a surplus control and price stabilization bill which was formally submitted to the House committee for the consideration of congress.

2.—The bill follows in general the principles of the Dickinson bill, but goes further and provides that the government shall advance $250,000,000, or as much more as is needed for a revolving fund to operate the price raising machinery, the government to be reimbursed eventually from the funds contributed by the producers.

3.—The scheme of operation proposed is that the farm board appointed by the president shall cause the price of farm product to be bid up to a level agreed upon as a reasonable home market price and that any loss resulting from the purchase of a surplus at that price and its sale abroad at the lower world price shall be met from the equalization fees assessed on the producers.

For successful operation of the plan in the case of livestock prices, congress may be asked to make the packing concerns a public utility, the charges for the service they perform to be regulated by the government so as to produce a reasonable return, just as the Interstate Commerce Commission allows the railroads to make rates that yield an average profit of 5 3-4 per cent.

The bill which was drawn by the committee of twenty-two, the corn belt committee, the American Council of Agriculture, the American Farm Bureau federation and other farm organizations, provides for a federal farm advisory council of five representatives of each of the twelve federal land bank districts elected by the farm service organizations at their conventions.

PROSPERITY, SAFE, SOUND CONVICTION OF COOLIDGE

Washington. — President Coolidge is convinced the country faces continued prosperity and that the recent drop in security values on the stock market benefited conditions rather than forecast any slump in business and industry.

The break in the market early in the week, in his opinion, had a stabilizing effect and had the tendency of placing the market on a more sound foundation.

Business conditions and the outlook were disccussed at today's Cabinet session, the president receiving optimistic reports, particularly from Postmaster-General New and Secretary Davis of the labor department.

Reporting as to the volume of postal receipts in fifty important cities, New said that the total for last month was 8 per cent greater than in February, 1925. In January they exceed receipts of the corresponding month of 1925 by 6 to 7 per cent.

Davis advised the executive that, while strikes were in progress in some localities, there was practically no unemployment.

Coolidge Ends First Year of Term.

Washington. — President Coolidge rounded out his first year as occupant of the White House in his own right on March 4. In all, he has served more than two and one-half years as chief executive, his elevation to that office upon the death of Warren G. Harding preceding by nineteen months his inauguration last March 4 as a president elected by the people. Reviewing the past year, President Coolidge had the satisfaction of realizing that two his major recommendations to congress—adherence to the world court and tax reduction—had been acted upon, and he was hopeful that a number of the other executive proposals he has sponsored will be enacted into law before the close of the present session.

14 Million Given Art Museum.

Toledo, Ohio. — The Toledo Museum of Art becomes one of the most heavily endowed institutions in America through the will of the late Edward Drummond Libbey, multimillionaire glass manufacturer, which sets up perpetual endowment funds estimated at $14,000,000. Appraisal of his estate, filed recently, sets $21,714,087.24 as the total value of his property. The museum of art is to receive $4,850,000 in specific bequests of which $1,000,000 is general endowment, $1,000,000 for an art school, $1,000,000 for a memorial hall and $500,000 each for endowment to maintain the two museum adjuncts.

MANY VISITORS WILL SEE BLOSSOM FESTIVAL

With the date of the Santa Clara County Blossom Festival at Saratoga but two weeks off, plans are now well under way, and sub-committees in charge of special details of the Twenty-Seventh annual festival report progress in their various fields.

Santa Clara County will act as host to Central California on March 27th and 28th. It is expected that last year's attendance record of over 60,000 people will be broken this year. Already extensive plans for the enjoyment of these guests have been made. Nature is already displaying her famous and beautiful wares in this valley and the announcement by the committee in charge that the best music on the Pacific Coast will entertain is of such import that art and nature lovers throughout the country are to be offered an unheard of pleasure.

That the San Francisco Symphony Orchestra, under the direction of the famous Hertz will give a concert in conjunction with the Blossom Festival is another evidence of the effort of the bay and peninsular cities and communities to unify their efforts in making the annual worship of blossoms at Saratoga and attractive and worthwhile affair.

The stage upon which the symphony orchestra will appear, as well as "Out of the West", the 1926 cantata, is being enlarged. When the construction work is completed the committee on decorations will arrange to make it a bower of blossoms.

Situated in a natural amphitheater, the stage needs no specially built acoustics. Director Hertz visited Saratoga recently, and after inspecting the stage expressed himself as well pleased with the acousties where the program will take place.

A Shakespeare Garden, in honor of the famous William, including all the flowers he mentions in his works, is to be one of the features of La Fiesta de las Rosas to be held at San Jose May 20th to 22nd.

Mrs. Fremont Older, wife of Fremont Older, editor of the San Francisco Call, has conceived this unique idea. The Flower Lover's Club of which she is a prominent member, have active charge of the garden and of the Spring Flower Show that is to be held in connection with the Fiesta.

Already Mrs. Older has made extensive research and it has been found that over [illegible] varieties are mentioned by the bard. Some of the flowers are more rare than others and it has been necessary to send long distances for them.

Golden State
News of Interest to All

Gas was struck on the Waterman Alexander ranch east of Windsor, Sonoma county which shows indications of oil on the property.

Plans for a new sewer main were adopted by the city council of Marysville. The new main will be 1,963 feet long, and will parallel the present one.

Ground has been broken for the annex to St. Joan of Arc church, in Yountville, Napa county, and the work will be rushed to an early completion.

After negotiating for three days, 20 landowners along Oak Run, Shasta county, reached a compromise agreement for the distribution of the water on that stream.

The recent storm has discolored the water in the Russian river so badly that anglers have lost hope of getting any more steelhead fishing before the season closes.

The Newcastle elementary school district, Placer county, has called an election for March 26, to determine if $20,000 shall be voted to improve the grammar school plant.

The Stockton Musical club, at Stockton, under the direction of Benjamin Edwards, is forming a large community chorus to take part in Music Week, to be held in May.

Under the latest plan of the city council of Marysville, Yuba county, for street paving, that body is rapidly reaching the goal of having no unpaved streets or alleys within the city limits.

Alturas, Modoc county, forest service officials say the total cut of timber on the Modoc National forest for the year 1925 was 10,946,000 board feet, a considerable increase over the preceding year.

SHERWOOD SHOW BY CAMPBELL HIGH

"A Robin Hood! A Merry Sherwood! The Lincoln Green!"

"There's treachery here," says the Sheriff of Nottingham. You'll think so too when the merry men of Robin Hood sweep the Sheriff and his men off their feet and save one of their number from execution, and when the Redcross Knight—but you'll surely be there to see it all.

Says Robin Hood, "We'll all be there; the game's too good to lose." That is the sum and substance of all this talk that is going around, for any one who misses the annual Senior Play this year will deprive himself of an evening full of enjoyment. You'll see Friar Tuck, the Burly chaplain; Little John, Robin's jolly right-hand man; Alan-a-Dale, the green-wood minstrel; monstrous Much, the smallest of the merry men—then there will be Fairies, Lords and Ladies, a Knight in armor—but you'll see them all the 19th of March anyway.

"Sherwood" is a five-act tragedy by Alfred Noyes, the poet-laureate of England, and is one of the very best adaptions of the legends of Sherwood forest. With Miss Kittie M. Johnson as director, the seniors are working diligently to make the play a credit to the school.

This play seems almost to have been written just for this class for Richard Shelley is a real Robin Hood and you will follow Patricia Hunter with breathless interest throughout the whole play. Lillian Gard as Queen Elinor takes the part of villianess like a professional actress and so on down through the cast.

The stage settings for the play are also under the direction of Miss Johnson, insuring the very best effects. Elaborate costumes are being made under the supervision of Miss Gardner, Miss Jenkins, and Miss Boesch.

Altogether, this year's Senior play promises to be an unqualified success. Tickets may be obtained from members of the Senior class or by telephoning the High School. Remember the date: March 19th, also the place: Campbell Grammar School Auditorium.

"Sherwood" is being presented with the permission of Paget Dramatic Agency, 7 W. 45th St., New York City; for Alfred Noyes, as published by Messrs. F. A. Stokes.

SISKIYOU PAYROLLS BE INCREASED SOON

Yreka, (Siskiyou Co.). — Increased payrolls in Yreka and adjacent territory during the coming spring and summer will reach the highest peak in many years.

While surrounding cities will be busy in various improvements the expenditure of approximately $40,000 in a building program by the California-Oregon Power company; $12,000 by the Yreka Railroad company in betterment of equipment and road beds; $50,000 by the Pacific States Telephone and Telegraph company on a building program between San Francisco and Portland; $125,000 for the construction of a general hospital in Yreka; thousands of dollars of state road maintenance money to be spent for the improvement of the Pacific Highway in Siskiyou and several lesser activities, tend to show the activities promised for this region.

Among the fetes and feasts of California, there is none loveller perhaps, than "The Wisteria Fete," held each year in Sierra Madre, Los Angeles county, under the direction of the Women's club of that city. The fete opened this year March 6, and lasts for two weeks, and it is expected that over thirty-thousand visitors, representing forty-four states and eleven foreign countries will be in attendance. The Wisteria vine, itself, is a marvel of lovliness, covering a large two-story house and many pergolas, and it has been reported to be the largest single vine of its kind in the world. The buds on the vine at present are bursting, and in a short time will be in full bloom.

CAMPBELL TO FLOAT AT ROSE FIESTA

Campbell Chamber of Commerce voted to endorse the Fiesta de la Rosas to be held in San Jose in May and will enter a float in the big parade. The beautification committee, Mesdames R. Alison, E. R. Kennedy, Mary Lanphear, C. A. Suteer and R. H. Hyde will have charge of arrangements and will be supported by the Chamber of Commerce.

Iu the membership campaign carried on during the past month J. F. Wehmeyer's team of Reds carried off the laurels with a list of 41 members as against E. R. Kennedy's Blues with 39.

The subject of paving Central Avenue was discussed with the view of speeding up the arrangements for curb and gutter work. Property owners generally are anxious to cooperate and with the county paving and will doubtless be ready as soon as work is started by the county. J. F. Wehmeyer, C. H. Whitman reported for Central Avenue there being no report from Harrison.

E. G. Lanz was added to the special township committee to work with E. R. Kennedy and T. A. Cutting.

Horace Lea, H. C. Smith, R. Alison, G. E. Farley and C. H. Whitman were appointed a "Co-operative Social Committee' and when this committee gets in working trim big things are expected.

Secretary Farley made a partial financial report for Old Settlers Day Committees showing a fair balance on hand.

C. H. Whitman made an interesting report on the registration statistics of Old Settlers Day.

A vote of thanks was given to all committees who worked so well and efficiently to make the celebration such a success.

19 Girls at Meet

The High School Association of Camp Fire Girls met Wednesday, March 3rd, for their monthly supper at the Y. W. C. A.

There was a total of seventy-two present, nineteen coming from the two Campbell High School groups.

There was a business meeting after the supper at which plans for Church Night were discussed.

Church Night services will be held, in Campbell, at the Congregational Church, March 21st, and will be conducted by the three Campbell groups.

After the supper, twenty-four girls went to Hale's store and put on a very successful and unique performance for their Fashion Show.

Water Co. at Home

The Campbell Water Company's new office which they have had erected on part of the I. O. O. F. ground is completed and on Monday they moved in and have been busy since getting settled.

Built in cupboards, closets and other features make it very convenient for the officers and its location will be for the patrons. Office hours will be from 8 to 12 a. m. and 1 to 5 p .m.

The forestry officials and civic organizations of San Bernardino district are furthering a plan for establishing a plantation of trees in Devil Canyon. It embraces the ultimate founding of an experiment station with extensive nurseries from which young forest trees can be transplanted to burned-over areas or barren districts in the San Bernardino National forest for the protection of the watersheds.

Black walnuts and parts of a walnut log have been brought up from a depth of 65 feet in boring a well on the Ripon Nursery property near Lathrop, San Joaquin county. A few of the nuts crumbled away after having been exposed to the air for two days. Others were placed in airtight glass jars for exhibition purposes. On another part of the ranch a seam of coal was cut at a depth of 75 feet.

HARVEST FEAST MARCH 23

Nearly 100 mmebers were present at the Grange meeting Tuesday evening. An attendance contest is on(the grange being divided into two sides, the "red" and the "gold." At the end of the contest period the loosers are to give a banquet to all. The "golds" at present are ahead. Each member wears a badge representing his color. The following class of 14 new members are being taken into the grange. Claud O. Winans, Mrs. Georgia A. Winans, P. J. Martin, Anna J. Martin, A. P. Anderson, Clara E. Anderson, Katherine Skrydstridge, A. Skrydstrige, C. E. Crabb, Mrs. C. E. Crabb, H. C. Tuttle, Mary Ann Tuttle, J. P. Jorgensen, Albert M. Madsen.

Mr. Calvin Bohnet favored the grange with two of his choice selections on the violin, accompanied by Mrs. Mabel Keesling at the piano. Mrs. Worthin Grattan sang, "A Little Bit of Heaven" and "They Call it Ireland" with Mrs. Irma Sanders at the piano. Mrs. Myrtle Arnot gave a fine instrumental selection and Dr. Merrill played and sang "I Love a Little Cottage." This comprised the lecturer's program and was thoroughly enjoyed by all present. A bill on "Cooperative Marketing", now before Congresss, was presented by Warren Turner and discussed by Leroy Anderson and others. Mr. O. B. Couk discussed the high fares for Pullman car service, suggesting that some action be taken in the matter. On motion it was referred to the legislative committee.

Water conservation was again discussed by S. N. Hedegard and others. By rising vote the whole grange voted that all flood waters possible should be saved for irrigation purposes.

The finance committee was instructed to make arrangements for the sale of fruits and so forth, at the Blossom Festival, the proceeds to go to the grange hall fund.

The next meeting of the grange wil be March 23rd. The "harvest feast" will be at 6:30 p. m., after which the new candidates will receive the third and fourth degres, the work being put on by the drill team.

Pomona grange meets next Saturday, March 13th, with East Palo Alto grange (formerly Dumbarton grange) for all day meeting.

SEN. YOUNG, MONDAY

Monday, March 15th, at 8 p. m. Senator Sanborn Young will talk on "Narcotics" in the community room of the Library. Mr. Young is coming at the request of the Country Women's Club and the meeting is open to men as well as women. This is a subject upon which Senator Young is especially fitted to speak as he is on that committee in the legislature, has helped frame laws relative to the use of narcotic drugs, and has been active in the enforcement of the law and in helping to educate the public concerning these evils.

There will be a meeting of the Country Women'ss Club Monday afternoon, March 15th, at which time the program that was to have been presented on Jan. 18, by Mrs. M. E. Purmort and committee, will be given although Senator Young's lecture is the same evening it is urged that there be a full attendance, both to hear the program and the plans for the County Federation meeting for March 26th.

Miss Lucile Alison was elected to the Cap nad Gown Society of Stanford University last week. This is a women's honor society and election to its membership is highly prized, as it is only granted to a few seniors, for unusual merits of scholarship and college activities.

Farm prospects throughout the state are brighter than for years, and the outlook for the north coast counties are the brightest of all. That is the testimony of David N. Morgan, of Petaluma, who has taught agriculture in high schools of California, was connected with the state college of agriculture and was editor of the Pacific Rural Press. His time now is passed in touring the agricultural centers of the state. No one knows agricultural conditions better than he.

Ritz Revue at Liberty

Thousands of entertainment seekers will flock to the Liberty Theater, San Jose, Sunday afternoon, March 14th for opening performance of Wilbur Cushman's Ritz Revue, "Abe and Gabe in California," a delightful pot pourri of girls, comedy and music, which will play the first four days of every week in San Jose.

With "Abe nad Gabe in California" will be shown "Madam Behave," a first-run photoplay featuring Julian Eltinge, famous female impersonator, and Ann Pennington, Broadway's favorite dancer. The revue program will change each week, and with it will be a first-presentation photoplay. Although revue programs will change, each successive show will deal with the laughable adventures of "Abe" and "Gabe" the two comedians.

That the revue will offer excellent entertainment of this nature is indicated in the cast, headed by Jimmie Edwards, cast as "Abe", and Solly Carter, in the role of "Gabe." Charlotte LeNay, a leading lady who can sing and act, and who is besides extremely soothing to the optic nerves, adds much to the performance. Norman Neilsen is the handsome juvenile lead, and Gweneth Dorsay does character work.

Of foremost importance are the twelve American Beauties, a dozen of the prettiest, most talented young women ever assembled on a local stage. These exhibit rare "form," a circumstance likely to be appreciated by the male element, always good judges of "form."

The revue will be "clean" in every respect, and will cater to women and children as much as the male element.

The contract for the erection of the new $14,000 fire station in Napa Napa county, was let recently by the city council.

The spirit of California's pioneer days and memories of the first transcontinental railroad construction work which began here in 1863 were awakened recently as Sacramento's new $2,500,000 Southern Pacific station was formally opened with elaborate ceremonies.

One hundred tons of guayule have been cut on the plantation of the Rubber Exploration company, a subsidiary of the American Rubber company near Valley Center, Los Angeles county. The lot harvested was shipped to the company's mill at Torreon, Chihuahua, Mexico.

IF THE POSTMASTER COULD TALK

If the regulations of the Postal Service permitted our postmaster to tell what goes in and out of the Campbell post office, we would have as lurid and convincing an argument for home town trade as we would have joy mingled with tears in the romance of the written messages of love and sacrifice.

If the postmaster could talk he would tell us of hundreds and thousands of dollars that go into the coffers of the big city mail order houses, and of the hundreds of parcel post packages that pass through the local office bearing the stamp of the out-of-town concerns. This all at the sacrifice of home trade and community prosperity.

But what is the answer? The mail order concerns will never quite go out of business. But how dearly are their patrons paying for their privilege! They are paying in interest on cash advanced. They are paying in delayed shipments and inconvenience or impossibility of exchanges. They are paying in misfit clothing and mis-measured mechanisms. They are paying often in disappointment over the difference between an attractive catalog picture and an unattractive reality of article. They are paying in sacrifice of their local credit. They are paying in injury to the local merchant who is trying hard to live and move and have his commercial being within the precincts of what we all call home.

We know of a recent actual case in a town of 1500 population where, in one mail, 13 bags of mail-order catalogs were dumped into the community; approximately one for every family. But we will never build a greater Campbell by merely "beating the air" or cussing the big city concerns; nor, indeed, is the remedy in criticising their customers. There is only one way to compete with the mail-order business, and that is to Compete With Their Advertising. In service, convenience and quality of goods, few there are who deny supremacy to the home town merchant.

Whenever local business awakens to the necessity of keeping in constant touch with its prospective customers as persistently as do the mail-order concerns, the outgo of money, and the income of foreign goods will diminish. And when this time arrives the post office alone will suffer. But, as we have said, the postmaster "can not talk."

HEADLINESS AND HUMANITY

No country is any better than the headliness of its newspaper. This saying is as extreme as it is trite; but what we mean to say is, many people do not go deeper into the questions of the day than the information contained in headliness and the thoughts they convey. We are a nation of headline readers. As one has said of songs, one might also say of headlines: "I would rather write a nation's headline than be its ruler."

In the newspaper profession the headline is supposed to practically "tell the story" for the busy man, which includes everybody. And we have just run across the champion headline-writer of the world. Over a story of a man named Doolitte, who was charged with failure to provide for his 9-year-old son, there appears this head: DOOLITTLE DOES LITTLE FOR LITTLE DOOLITTLE. And so, why read any further.

YOU CAN LEAD A HORSE TO WATER, BUT—!

"Economy in the administration of the government can reduce enormously the cost of it. In other words, the cost of government is out of all proportion to the service it gives and to the actual needs of administration. As we have had frequently occasion to contend, there is no law on the statute books nor can one be framed that can compel a man to work if he refuses to. There is no law that man can devise that can compel capital to work for the government under unjust conditions. It cannot be made to do so even if a constitutional amendment forbids the issuance of tax-exempt securities, for capital will disappear when brutally exploited for revenue purposes. The opposite may be true if Congress can devise a law which can of itself create capital. Up to the present moment it has no greater power to do that than it has to make men good by legislation."—New Haven Journal-Courier.

By a vote of more than 10 to 1, the people of Davis, Yolo county, voice their approval of a proposed bond issue of $115,000 for the erection of a new and modern high school. The overcrowded condition of the present buildings made some action imperative. It is expected the present building will be used as a grammar school as soon as the new high school can be completed.

Plans have been submitted for bids to be opened March 18, for the Roseville Union high school, at Roseville for which $30,000 bonds have been voted.

The Ability to Save

Barring isolated cases in which circumstanees have imposed unusual burdens, the average wage earner can save some part of his weekly or monthly pay check if he will adopt a simple percentage policy. As a rule, ten per cent is a safe amount on which to make a beginning. Once formed, the saving habit will last a lifetime.

True thrift consists of prudent saving, judicious spending and wise investing. Select the Mercantile Trust Company of California as the custodian of your savings account. Persist in setting aside that ten per cent surplus, and in the course of a very short time your principal and the four per cent interest compounded semi-annually will open new avenues for success.

GRAMMAR NOTES

RADIO

The Campbell Grammar School has received the radio earned by the pupils. It is a Marathon with complete equipment, loud speaker, batteries etc., and is on exhibition in the cafeteria.

Dressing Room

The dressing room committee from Miss Mace's room has been doing good work and the dressing rooms are now in better order.

Helen Buck and Helen Lenox are reporters for the school news this term.

House Party

There will be a house party at Mt. Hermon for the teachers of the school this week-end. Miss Farman as usual, will be in charge of the eats.

County Examinations

The children in the grammar grades are all working hard now getting ready for County Examinations, due in a few weeks.

Town Tales Tersely Told

Douglas Cutting is on the sick list, "enjoying" a case of chicken-pox.

Orie Grizzle was quite ill for a couple of days the latter part of the week but was able to return to work the following day.

Mr. and Mrs. August Toll of Rincon Ave., have purchased the H. G. Weste property on South Third Street and plan on moving into town to live.

Born: To Mr. and Mrs. T. W. McCabe a daughter, Tuesday at Los Gatos. Mr. and Mrs. McCabe last year conducted the Pollyanne Restaurant in Campbell.

The Christian Science Society which has held its meetings in the old Mercantile Trust Company's building, has given up the room and the furnishings have been removed.

Miss Edna Watson, one of the graduating class of the C. U. H. S., class of 1924, has announced her engagement to Ray J. Flagg, the wedding to take place in the early summer.

"Grandpa" Holden, father of Mrs. A. A. Purmort, who has made his home here for several years has gone to Seattle, Wash., to visit another daughter, Mrs. Wm. Lambert.

Attention is called to the change in date of the Ada Rebekah card party which has been set forward a week to Saturday, March 13th. Admission 50c, including refreshments.

Friends of Roi Laine have been extending the glad hand as he is seen once more on our down town streets after months of illness. He is none too steady on his legs yet but is gaining rapidly.

Moreland P. T. A. plans to give a benefit dance at the Moreland Hall the evening of March 13th. These good people are well known as hospitalble entertainers and dancers may be assured of a jolly time.

Mr. and Mrs. J. M. Thrower formerly of Campbell, who have spent the past winter in Oregon are now located in Richmond. Mr. Thrower was here Monday and said that they might later return to Campbell to remain.

Chas. Sutter had the misfortune to break two windows in the store front of the Oliver Furniture Co., on south First St., San Jose, Friday. Mr. Sutter had just had his car washed and the brakes failed to hold when he attempted to stop at the curb, letting the machine roll upon the sidewalk.

Mrs. J. E. Wiesendanger has been spending the past week in Santa Barbara where her daughter, Miss Mabel is one of the instructors of physical education in the high school. She was accompanied by Miss Delpha Wiesendanger of the U. C. faculty, who spent the Feb. 22nd week-end there.

As a precautionary move to protect the postal patrons' mail, Postmaster Smith has been authorized to lock the post office lobby for the night. This is done between the hours of 8 p. m. and 6 a. m.. Considerable valuable mail has been lost through the riffling of mail-boxes an dthis move is to prevent such losses here.

Russ License Woman Sea Captain.

Odessa. — Soviet Russia has a woman sea captain. Madame Tatiana Jakovieva qualified with honors as a "master of navigation," and will be given command of a Black sea merchantman.

Alaska Gets Airplane Base.

Ancchorage, Alaska. — The Anchorage city council has appropriated $3,000 to construct a hangar on a 30-acre aviation field here with a view of creating a central aviation base in Alaska.

Preparations already are being made for the spring opening of logging camps in the Susanville region as soon as the weather will permit. At the Lassen Lumber and Box company's plant, and also at that of the Fruit Growers Supply company crews of men are busy overhauling the locomotives and other equipment Members of the logging crews are also beginning to arrive.

RODERICK DUNPHY PASSES SUDENLY

The community was greatly shocked this morning to hear of the sudden passing of another esteemed citizen, R. E. Dunphy, at his home on the Los Gatos and Dry Creek road last night. Apparently in his usual health, he was taken suddenly sick and passed away in about 20 minutes.

Mr. Dunphy was born in Darlington, Wis., in 1847, and was an ex-senator of Nebraska, where he resided for 30 years.

He has been a resident of Campbell for 19 years, where he has endeared himself to a host of friends who will grieve to hear of his passing.

Besides his devoted widow, he is survived by five children, Homer, of Seward, Neb., and Gay Langworthy of Seward, Neb., Nicholas of San Francisco; Robert of Los Angeles, and Harriett, who is librarian at Corvallis, Oregon.

The funeral services will be held from the Congregational Church, Saturday afternoon at 2 o'clock.

BURNED TO DEATH

Funeral services for James Shermantine, former Los Gatos man, who was killed in Oakland Monday when trapped in a closed car which cauhgt fire, were held at the Melvin Funeral parlors Wednesday at 2 p. m.

It is believed that Shermantine fell asleep in the machine, which was parked, and that the blaze was started by a burning cigarette. He burned to death before the door could be forced open. He was 47 years old.

Shermantine was born in the Union district, the son of the late James and Catherine Shermantine. His sister, Mrs. William Coupland, is a resident of Campbell, and Shermantine as well known in the valley.

He is survived by two brothers, John Shermantine and Henry Shermantine and six sisters, Mrs. Mary Downing, Mrs. Anna Quentle, Mrs. Emma Yount, Mrs. Ada Coupland, Mrs. Ione Baldwin and Mrs. Mae Worden.

Interment was made in the Los Gatos cemetery.

NEW CREAM STORE

H. E. Nielsen, who operates the Los Gatos Cremery and a Creamery in Watsonville has opened a Creamery store here Saturday. Their advertisement appeared in the Press last issue.

In interviewing Mr. Neilsen he said: "Milk is our most vital food, thousands of babies and invalids depend on milk as their only nourishment; and any consienctious milk distributor should realize his responsibility in handling and producing the highest quality of milk. Milk distribution is not a business of dollar and cents alone but must be founded on confidence; gain and to keep the confidence of every mother who buys milk for her baby. We spare neither time nor money in producing the highest quality of milk."

Relic of Browns Valley, Yuba county, mining days, the old office building and headquarters apartments, on the Pennsylvania Mine, which has been idle many years, were destroyed by fire recently.

Plans for the erection of another theater in Oroville this year at an estimated cost of $200,000 are under way. The theater will be constructed by the Golden State Theater Corporation of San Francisco.

Gerber, Tehama county, is facing a house shortage, every available residence being occupied, and real estate operators reporting several families on the waiting list for renting four to six-room houses.

Further proof that California can apply climatic conditions for everyone was given recently when teams and [illegible] voters over the snow from a special election at Truckee, Nevada county.

The Benecia (Solano county) Post of the American Legion has abandoned the idea of remodeling the present building and is at present working on a building program, which it hopes to develop into a new up-to-date building.

Charles Edward Clark, of Jackson, Amador county, who crossed the plains with his parents when but two years of age in 1852, is dead at the age of 76. He retired from his occupation of ranching several years before his death.

CADET EXAMINATIONS

Congressman A. M. Free of California has isued the following statement:

The United States Coast Guard will hold a competitive examination for appointment of cadets and cadet engineers June 22, 1926.

An exceptional opportunity is offered young men of the right caliber to complete their education a tGovernment expense and to become commissioned officers in theU. S. Coast Guard, one of the military services of the United States, which includes service afloat and ashore.

Cadets and cadet engineers are trained to become line officers and engineer officers respectively. The age limits for appointment of cadets of the line are 18 to 24 years, and for appointment of cadet engineers 18 to 23 years. An applicant who has passed his 24th birthday is ineligible for appointment as a cadet of the line, and one who has passed his 23rd birthday is ineligible for appointment as a cadet engineer.

Cadets and cadet engineers are trained and educated at the Coast Guard Academy at New London, Conn., and each summer are taken on an extended practice cruise. Cadets and cadet engineers receive the same pay and allowances as midshipmen in the Navy ($780 per annum and one ration per day.)

Upon graduation, after three years at the Academy, a cadet is commissioned an ensign and a cadet engineer is commissioned an ensign (engineering.) Commissioned officers in the Coast Guard rank with officeds in the Army, Navy and Marine Corps, and receive corresponding pay and allowances, grade for grade.

Educational examination for cadets nad cadet engineers follows the physical and takes two or three days. Applicants for cadetships of the required moral character who present satisfactory certificates that they have completed the equivalent of a four year High School course an dhave received 14 credits in subects prescribed by Headquarters are required to take a written examination in the following subejcts only: Mathemtaics, (Algebra nad Geometry,) history and English. Those who do not present certificates showing that the yhave the equivalent of 14 credits, as prescribed, are required to take an examination in the following subects: Mathematics, (algebra and geometry), history, English, physics or chemistry or general science, Latin or German or French or Spanish, and general information. A High School graduate should be able to pass the examination. The examination is strictly competitive and is open to all young men who possess the qualifications govering age, education an dcharacter. A mark for general adaptability is assigned to all candidates. Examinations will be held at Boston, New London, New York, Philadelphia, Baltimore, Washington, Norfolk, Savannah, Key West, Mobile, Galveston, Buffalo, Detroit, St. Louis, Chicago, San Francisco and Seattle, and at such other places where it is found practicable to have the necessary examining boards. The successful candidates who are tendered appointments will be ordered to report to the Superintendent of the Coast Guard Acadaemy about August 20, 1926. They will be allowed 5 cents per mile to cover travel expenses from their homes to the Academy. Upon arrival at the Academy a cadet or cadet engineer will be required to deposit the sum of $200 to be applied to the purchase of necessary uniforms an dequipment. Pay and allowances received are adequate to cover living expenses at the Academy. For necessary application form nad further particulars write to the Commandant, U. S. Coast Guard, Washington, D. C.

NOTICE OF ELECTION

Notice is hereby given to the electors of Cambrian School District, Santa Clara Co., Calif.

That an annual election for the election of school trustees will be held March 26, 1926, at the school house.

There will be one trustee to be elected for three years.

The poles will be open at one o'clock P. M. and close at five o'clock P. M.

The Officers appointed to conduct the election are:

Mrs. J. H. Bachman, Inspector; Mrs. Harry James, Mrs. E. C. Young, Judges.

By order of Board of Trustees.
Mrs. Hazel Cilker,
Clerk of Cambrian School District.

FISH HATCHERY ON BIG CREEK

Members of the Los Gatos Branch of the Santa Clara County Fish and Game Commission are rejoicing this week at the good news that the Fish and Game Commission and the West Coast Counties Gas and Electric Company had signed a twenty-five-year lease for the necessary lands and water for the new, modern Fish Hatchery to be built at Big Creek.

This hatchery will furnish more than two million trout per annum to stock the streams of Santa Clara and Santa Cruz Counties.

Mr. Coleman, President of the West Coast Counties Gas and Electric Company has shown a fine public spirit in cooperating with the Commission, and in making a most generous arrangement by which the Commission receive the use of the necessary land and water for twenty-five years at a dollar per year.

Don Sadler and S. W. Rodgers, president and secretary of the Santa Cruz sportsmens' club, together with Martin LeFevre, D. W. Hulen, T. J. Widby, and Sanborn Young were instrumental in bringing about the success of this project.

Mr. I. Zellerbach, President of the Fish and Game Commission plans to erect a hundred trough hatchery of the most modern type, having a rearing pond where the fry will be kept until they reach a size of four or five inches, thus giving better protection than the former method of releasing them as fry.

This hatchery is to cost between sixteen and twenty thousand dollars and the work of erecting the buildings will be commenced immediately. This should be a matter of much pride and satisfaction to all sportsmen in Santa Clara and Santa Cruz Counties.

Big Loan To Bavarian Catholics.

New York. — Arrangements were completed by New York bankers for a $5,000,000 loan to the Roman Catholic church of Bavaria, representing the first long-term public borrowing by a religious organization through Wall street channels.
